

REMARKS/ARGUMENTS

In response to the Examiner's further Office Action of November 25, 2008 issued with respect to the present RCE application, the Applicant respectfully submits the accompanying Amendment of the claims and the below Remarks.

Regarding Amendment

In the Amendment:

claim 7 is amended to specify that the copier includes a network interface for transmitting the second document data to the computer system. Support for this amendment can be found in originally filed claim 2; and
claims 1, 4-6, 8 and 9 are unchanged.

It is respectfully submitted that the above amendments do not add new matter to the present application.

Regarding 35 USC 112, second paragraph Rejections

It is respectfully submitted that the amendment of claim 7 provides proper antecedent basis for the recitation of "network interface".

Regarding Allowable Subject Matter

The Applicant appreciates the Examiner's indication of the allowability of the subject matter of pending claims 1, 4-9 under the conditions stated in the Office Action.

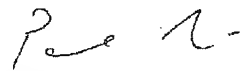

It is respectfully submitted that all of the Examiner's rejections have been traversed. Accordingly, it is submitted that the present application is in condition for allowance and reconsideration of the present application is respectfully requested.

Very respectfully,

Applicant/s:
